REPORT OF THE BOARD OF DIRECTORS FOR THE YEAR 1999

Our primary objective is to provide our shareholders with a return on their investment that is commensurate with the risk they have taken. We believe that this objective can be achieved only if we are able to identify and acquire profitable investment opportunities and to manage our operations efficiently.

Our Strategy

Our strategy is to...

Our primary objective is to provide our shareholders with a return on their investment that is commensurate with the risk they have taken. We believe that this objective can be achieved only if we are able to identify and acquire profitable investment opportunities and to manage our operations efficiently.

Our primary objective is to provide our shareholders with a return on their investment that is commensurate with the risk they have taken. We believe that this objective can be achieved only if we are able to identify and acquire profitable investment opportunities and to manage our operations efficiently.

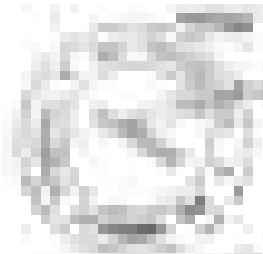

Our primary objective is to provide our shareholders with a return on their investment that is commensurate with the risk they have taken.
