The following information is given for the purpose of providing a general background for the work of the Central Board of Secondary Education during the year 1954-55. It is not intended to be a complete record of the work of the Board, but rather a summary of the main features of its activities.

The Board was established in 1952 and has since that time been engaged in a wide range of educational activities. Its main functions are to coordinate and control the secondary education in the State, to conduct examinations, to issue textbooks, and to provide technical assistance to schools.

During the year 1954-55, the Board has continued its work in these various fields. It has held a number of conferences and meetings with school officials, and has issued a number of orders and regulations. It has also conducted a number of examinations, and has issued a number of textbooks.

The Board has also been engaged in a number of other activities, such as the provision of technical assistance to schools, and the conduct of research into educational problems.
