

Journal of Medicinal Plants Studies

Index for 2022 (Vol - 14, Issue - 3) Part - A

01. Is steroids safe and healthy for human consumption?
Authored by: Sargana Parida and Deepa Sharma
Page: 01-06
02. Angiosperms weed diversity of Pallyakuluan, Koojipatti, Thoothukudi district, Tamil Nadu, India
Authored by: Lakshminarayanan K, Murali A, Parameswaran M and Lijyajayarajal S
Page: 13-18
03. The opium poppy (*Papaver somniferum* L.): Historical perspectives, regulation and reduced mutation towards lower free-alkaloids in expanded health markets: A review
Authored by: RK Lal
Page: 19-29
04. Variation of fatty acid content in different populations of *Mallotus nudiflorus* (L.) Kalpa & Walpam occurring in diverse agro-climatic zones of Assam
Authored by: Kamala N Barua, Nibedita H Datta, Prasenjit Hazarika, Probal Hazarika and Nidhan J Barua
Page: 30-33
05. Assessment of plant biodiversity: Shajahan hills a link between plains and Northern Western Ghats
Authored by: Rajanath K Kulkarni and Chetan S Sasang
Page: 34-41
06. Broad-spectrum antimicrobial potential of *Crossandra ovata*
Authored by: Troy D Papp, Ivona Schmitt, Alexander Haffner and Prince N Aghedani
Page: 42-47
07. Exploration of phytogeographic flora of rajshahi district, Bangladesh with special References to their medicinal potential and distribution
Authored by: Lipika Ghosh, Debashis Bose and Farrana Akhter Noor
Page: 48-51
08. Evaluation of the antidiabetic property of the endophytic extract of *Sesona alata* in mice model
Authored by: Gopabandhu S, Chakrasenapati, Sarvesh J Dasu, Eshwar S Bhat, Chitra U Ojha, Josephine Ghos, Chakrasenapati C, Chinnayyandhi and Colina O Okoko
Page: 52-58
